Report of Superintendent

To the Citizens and School Board of Bartlett:

There were three changes in the personnel of the teaching staff this year. Mr. Raymond Morton and Miss Barbara Purmort, both of whom had been with us for a number of year, resigned to accept positions elsewhere. Mrs. Effie Hunt after several years of excellent service was compelled to give up her work last fall on account of health. Mr. Raymond Brennick was secured for Mr. Morton's place and Miss June DuGay was engaged for the primary school. Both are graduates of last year's class at Farmington normal school. Mrs. Muriel Campbell, a primary teacher of very successful experience was engaged for the vacancy at Intervale.

Bartlett should feel pride in the fact that two of its men teachers have joined the armed forces of the United States. Mr. Brennick left early in January and Mr. Charles Harmon of the high school was called soon after. It is practically impossible to secure qualified replacements for men teachers at this time and arrangements were made in both the graded and high schools to carry on the work with the reduced teaching staff. Mrs. Alice Chandler Davis took over the grammar school and the principalship, the third grade was assigned to Miss DuGay and the fourth grade to Miss Chambers. This gives 33 pupils to each teacher which is about the same as the average at the Intervale school.

On account of the decreased registration in the high school, it is possible with the willing cooperation of Mr. Huls-

man and Mrs. Pennett to carry on the work of the high school with some not important adjustments. A few minor changes in the course of study would make it possible to continue the arrangement next year.

It should be understood that the budget as presented to the voters is based on the assumption that this arrangement in both schools will be continued next year. There has been an increase in the cost of fuel, janitor service, books and supplies and transportation, and a marked decrease in the amount of state aid allotted for next year. While every possible economy has been taken into account the budget as recommended with the addition of special appropriations calls for \$17,718. This amount would have to be increased by \$2,000 if the voters are unwilling to go along with the suggested reduction of number of teachers. The superintendent believes that the reduction in teaching staff is entirely justified by the smaller registration and the exigencies of war time, and that it can be done without any material loss to the effectiveness of the schools.

Respectfully submitted,

JOHN H. FULLER,

Superintendent

Conway, February 16, 1942.
